

AMENDED
APPLICATION FOR PERMIT

Serial No. 2116

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office JUN 23 1911
Returned to applicant for correction JUN 27 1911
Corrected application filed AUG 28 1911

The undersigned Oscar Rogers, William F. Barclay and John Norton
Name of applicant.
of Box 957 Tonopah, County of Nye,
State of Nevada, hereby make application for
permission to appropriate the public waters of the State of Nevada,
as hereinafter stated. (If applicant is a corporation give date and
place of incorporation.)

1. The source of the proposed appropriation is "Granite Spring"
Name of stream, lake, or other source.
(really a well where water has been developed), located see Q. No. 4.
2. The amount of water applied for is all that can be developed
One second-foot equals 40 miners' inches.
3. The water to be used for Mining and Domestic.
Irrigation, power, mining, manufacturing, domestic, or other use.
4. The water is to be diverted from its source at the following
point: viz. Granite spring itself, which is situated at the East base of Lone Mountain, about half way along its length and about fourteen miles from, and a little north of west from Tonopah. It lies in Esmeralda County. A survey has been ordered to tie said spring to a section corner; when done, said tie will be forwarded to your office. It bears S. 67° 17' W. 22887.0 ft from the SE corner of Section 5 T. 2 N.R. 41 E. M.D. E & M. (the nearest section corner that the survey- or could find).
2NR40E
IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is _____
- (b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it

should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

- (c) Irrigation will begin about _____ and end about _____
Month. Month.
_____, of each year.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE
FOLLOWING INFORMATION:

- (d) Power to be developed is _____ horsepower.
- (e) Works to be located _____
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.

- (f) Point of return of water to stream No return
Describe in same manner as point of diversion.

- (g) Remarks It is the expectation to attempt to develop a considerable flow of water by deeping the present well and cross-cutting at the bottom in order to develop water and at the same time provide a reservoir for its storage. In the early stages, water will be hauled thence to the properties hereafter referred to; but should said properties, or others, justify it, and should sufficient water be developed, it is

DESCRIPTION OF PROPOSED WORKS

planned to pump the water to some neighboring elevation and thence

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water is to be

pipe it to the properties. The mining properties in view are

stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

situated about eight miles distant from said spring in a south-

easterly direction, lying among the "Silver Hills", which are

small hills in Esmeralda County, lying near to and on the easterly

side of Lone Mountain.

5. Estimated cost of works \$2500.00

6. Estimated time required to construct works Two years,

7. Remarks

For use of applicant.

WILLIAM F. BARCLAY AND JOHN NORTON Applicant.
